

**ORASOOTHE® "Sockit" Gel** is an FDA cleared oral hydrogel wound dressing used to promote optimal healing and pain management after invasive dental procedures

#### **Natural Healing**

ORASOOTHE "Sockit" Gel is made from only 6 all-natural, non-toxic, food-based ingredients. ORASOOTHE is the safe, non-medicated alternative to OTC and prescription drugs for effective oral wound healing and pain management.

#### For All Oral Wounds

ORASOOTHE "Sockit" Gel's unique syringe design allows for localized and direct placement - perfect for extraction sites, bone grafting, implants, laser treatments, scaling, ulcers, orthodontic irritations, and all injuries of the oral mucosa.

#### **Easy For Everyone**

ORASOOTHE "Sockit" Gel is applied in office and is encouraged to be sent home with the patient, for continued wound treatment and pain management. ORASOOTHE has a pleasant fragrance and taste, is safe to swallow, and is safe for all ages.

**ORASOOTHE® Oral Coating Rinses** are FDA cleared hydrogel oral wound dressings made from only 7 all-natural, non-toxic, food-based ingredients

#### **Natural Healing**

ORASOOTHE Rinses are the safe, non-medicated alternative to OTC and prescription drugs - ideal for optimal healing and pain management before and after invasive dental procedures. ORASOOTHE has a pleasant fragrance and taste, is safe to swallow, and is safe for all ages.

#### **Optimal Protection**

ORASOOTHE Rinses adhere to oral tissue and form a protective barrier around oral wounds limiting further irritation and contamination - while creating a suitable environment for optimal wound healing and pain relief.

#### For All Oral Wounds

ORASOOTHE Rinses are perfect for managing pain and healing wounds related to bone grafting, implants, laser treatments, SRP, denture sores, orthodontic irritations, and all injuries and ulcers of the oral mucosa.
